Motorcycle Safety Tips for Motorcyclists and Drivers in Delaware

Tips for Motorcyclists:
- Wear clothes with fluorescent bands and always have your headlights on to ensure that you are visible to all motorists.
- Use both brakes and keep your arms outstretched.
- Always be on the lookout for potential hazards. Drain covers, grass, leaves, and gravel can cause a fall.
- Stay in your lane, and only change when it is completely safe to do so. Remember that all rules of the road apply to you.
- Remember that you are smaller than a car and are often hard to see.
- Control of a motorcycle requires a lot of physical and mental effort. It is never acceptable to operate a

Tips for Motorists:
- Always allow more following distance when you are behind a motorcycle.
- Check your blind spots, and then check again, especially when you are changing lanes.
- Make sure you look twice before making a turn. Too many fatal crashes happen when a car tries to turn left while the motorcycle stays straight.
- Remember that more than half of all fatal motorcycle crashes involve another vehicle.
- Just be nice. Give other drivers and riders a little slack. Be respectful.
- Since motorcycles are smaller it adds an additional level of difficulty to judge their speed.
motorcycle when you are under the influence.

**Gear up for the Crash - Not the Ride**

See how our motorcycle gear model transforms from everyday clothing to fully tricked-out motorcycle gear, ready for the ride on our website. On the ArriveAliveDE Website Motorcycle Safety Awareness page, drag the middle white line right to see a well-protected rider and left to see one that needs to gear up!

Listen in as Delaware rider, Jeray Louise Hudson gives us her perspective on enjoying the ride, plus how she overcame her concerns with learning to ride, Hint: motorcycle classes helped her learn how to shift. See what else you can learn from Jeray!

It does not matter who is at fault in a crash, the motorcyclist will always take the brunt.

See & Be Seen Rider & Motorist Motorcycle Safety Campaign

Pictured above is a sample of the new social and paid media creative graphics that have been developed as a part of the DOHS motorcycle safety campaign. The campaign reaches out to both riders and drivers, holding them equally responsible for making Delaware roadways safe for all users. To learn more about rider and motorist safety surrounding motorcycles, visit us online.
47ABC reporter, Jordie Clark, sat down with our Marketing and Communications Program Manager, Cynthia Cavett to chat about motorcycle safety for both riders and motorists. Jordie also met with local riders who voiced their concerns while riding in Delaware and Maryland.

motorcycle fatalities in Delaware.
- 4 out of those 11 motorcyclists killed were not wearing a helmet.
- Last month, May 2021, there were 7 motorcycle fatalities alone.
- In the United States, Motorcyclists are about 29 times more likely than passenger vehicle occupants to die in a motor vehicle crash.

DOL Motorcycle Awareness - A Second Look

When driving behind or near a motorcyclist, there are several factors to keep in mind. The above video, created by our traffic safety partners at the Washington State Department of Licensing and the Washington Motorcycle Safety Program, follows a teen driver as a motorcyclist helps the driver learn about safer choices while sharing the road with motorcyclists. To learn more about the 8-minute educational video designed with teen drivers and driver’s education in mind, click here.

Updates
As a reminder, the monthly mailing of posters and flyers is currently suspended due to COVID-19. If you or your organization has a specific request, please contact our office.
