- **Effective July 1, 2009 all graduated driver license (GDL) recipients will have the opportunity to receive free of charge a reflective “Novice Driver” magnet or sticker for placement on their vehicle for the duration of the GDL period.**
- **The DMV believes that it is beneficial for drivers on the road to be aware of a novice driver behind the wheel.**
- **The magnets/stickers are brightly colored and are made utilizing the industry's leading reflective sign sheeting material, Diamond Grade Cubed (DG3).**
- **The stickers and magnets provide an additional safety tool for the states most novice drivers and their sponsors.**
- **It is expected that when drivers notice these magnets and/or stickers on vehicles that they would slow down and give sufficient room to the driver displaying them.**
- **The program is completely voluntary and no GDL holder or sponsor is mandated to utilize this program.**
- **These magnets and stickers will be available at all DMV facilities statewide.**
